Creation: May 19, 2022

Reference: Child Care and Early Years Act, 2014

Approved by Board of Directors:

A copy of this policy must be kept in the emergency bag for each program for reference

I. Purpose:

The purpose of this policy is to provide clear direction and understanding of the roles and responsibilities for staff during an emergency and the procedures that will be followed to ensure children’s safety and maintain appropriated levels of supervision. An emergency is an urgent or pressing situation which immediate action is required to ensure the safety of children and adults in attendance. Emergencies include situations that may not affect the whole child care center (e.g., child specific incidents) where 911 is called. Orde Day Care has developed and implemented this Emergency Policy and Procedure in accordance with section 68 (1) O. Reg. 137/15 under the Child Care and Early Years Act.

Clear policies and procedures will support all individuals to manage responses and responsibilities during an emergency, resulting in the safest outcomes possible.

II. Definitions:

Authority: A person or entity responsible for providing direction during an emergency situation (e.g., emergency services personnel, the licensee).

Designated Staff: A senior staff given the responsibility of managing the centre in the absence of the Supervisor or Executive Director by the Supervisor or Executive Director.

Emergency Services Personnel: (ESP) persons responsible for ensuring public safety and mitigating activities in an emergency (e.g., law enforcement, fire departments, emergency medical services, rescue services).

Evacuation Site: the designated off-site location where shelter is obtained during an emergency. The evacuation site is used when it is deemed unsafe to be at or return to the child care centre.
